Greetings!

We look forward to sharing with you the beautiful landscapes, cultural amenities, and local arts and entertainment in our 2023 Destination Guide.

The Webster City area is known for its rich history and pride in its heritage. Our Kendall Young Library, the beautiful architecture and significance as part of Kendall Young's lasting legacy make it a Webster City landmark. A must see for any Webster City visitor, along with the historic home he shared with his wife, the Jane Young House, next to the now twice-expanded library.

As we lean into 2023, the Webster City area has a lot to look forward to. Iowa's new tourism initiatives highlight our regions lakes and land. Of course, Briggs Woods Park and Little Wall Lake are treasured recreational areas of the Webster City area, whether you're admiring the park waterfalls, spending the afternoon kayaking or canoeing on the lake, or just relaxing at the beach. Our campground amenities

make any length of stay possible at the parks.

The connection the Boone River Trail provides to Webster City from Briggs Woods Park also makes a great extension of the recreational area for walkers, joggers, and bicyclers.

As you browse through our guide, find all the destinations to make a daytrip, weekend, or afternoon in the Webster City Area. This year our local theater will be performing The Sound of Music in July. Our community has let us know they're looking forward to the return of Webster City Market Nights on Thursday evenings in June, July, & August will have even more experiences to offer!

We look forward to seeing you at any one of our area's amenities and recreational areas. Take care and we invite you to explore our lakes and lands!

- 8 Load up the bike and grab a picnic lunch and enjoy the 6-mile Boone River Trail
- 9 Need a shorter stroll? Then we recommend the Brewer Creek Trail which is a 2-mile loop that is scenic and easily accessible.

WAITING FOR YOU TO EXPLORE

Rivers and lakes and trails OH MY! By land or by water, adventure awaits those who love the outdoors and all there is to discover throughout Hamilton County, Iowa!

Briggs Woods Park was the first county park in Iowa - with land donated to the people of Hamilton County in 1919....preceding the state park system by one year!

Briggs Woods Park has grown from the original 60 acres to 544 that includes campsites, trails, river access, playgrounds, a 62-acre lake, cabins, shelters, and numerous open spaces.

1

WILDFLOWER TRAIL Briggs Woods Park

The Wildflower Trail at Briggs Woods is a short trail by Shelter 2 that connects to the woodland trail. The Trail Head sign reminds people, not to take anything and just leave footprints behind. No flower picking is allowed. However, visitors can pick mushrooms, berries, nuts, and asparagus. You walk down into a deep ravine and walk up a very narrow trail that connects to the Woodland Trail that goes all the way to the

Briggs Woods Park Waterfalls. The trail is a moderately difficult walk. The trail is best known for having spring wildflowers at (April, May, and June) this time of the year like May Apples, Blue Phlox, Blue Bells, Dutchman's Britches, Blood Root, Wild Ginger, Spring Beauty, Jack-in-the-pulpit, and Trout Lilies, along with a variety of other wildflower types.

This trail will follow the Boone River, under the railroad bridge and along Briggs Woods Lake in timbered areas. A beautiful and scenic walk or ride for your enjoyment. If people have physical limitations or are in a wheelchair or motorized wheelchair, the paved Boone River Bike Trail is their best option. It has wildflowers, trees, grand views of the park, the Boone River, woodlands, abandoned limestone quarry, artesian well, and Brigg's Woods Lake to enjoy.

EXTRAORDINARY

Art • Literature • Architecture • Nature

The Kendall Young Library features an elaborate Beaux-Arts style architecture and is home to many one-of-a-kind collections.

Experience

Kendall Young Library

Kendall Young Library, with its gold-marble columns, terrazzo and mosaic floors, stained-glass windows, and glass dome, is a hallmark of the Webster City community. Established through an endowment left by Kendall K. Young in 1896, Kendall Young Library completed construction and began operation in 1905. Throughout the years, Kendall Young continued to support its community through early literacy programs, summer reading programs, and a place to gather as a community.

As the community of Webster City grew, so did the needs of the community. In 1984, fundraising for the 9600 sq. ft. public library began to raise money for additional room to accommodate the growing community it served.

Construction began in March 1997 and was completed by 1998, giving the library an additional 12,700 sq. ft. The beauty of the original building was maintained, and many of those features that made Kendall Young Library so special, were included in the expansion to enhance the appearance of the seamless addition.

Today this well-known public library gives its patrons access to literacy programs, books, computer services, printing services, digital literacy classes, and a variety of special collections including the Abastenia St. Leger Eberle Sculpture Collection, the Jane Young Stained-Glass Window, The Foster Doll Collection, the Van Ness Native American Collection and more. Kendall Young Library is a welcoming community center that empowers lifelong learning for all.

Extraordinary **Art Immersed in Nature**

The board is excited to announce it has joined the "Sculpture One" network with 3 other communities: Mason City, IA, (Sculptures on Parade), Mankato, MN, (Walking Sculpture Trail), Eau Claire, WI (Sculpture Trail).

By partnering with this group, Arts R Alive will have access to several high quality sculptures which will be rotated between 4 cities.

Our involvement with this network will also offer opportunities for overall program development including the Call to Artists, securing figurative and abstract sculptures every year, installation and deinstallation of sculptures, fundraising, board development, marketing, artist reception, sale of sculptures, and economic development efforts.

New sculptures will continue to be installed in early May of each year. And our Annual Sculpture Event will still be held during the summer at West Twin Park.

The Arts R Alive Sculpture Committee is preparing for its 13th Annual Sculpture Event scheduled for August 2023 in West Twin Park.

TILL. MILL. DISTILL.

Wildcat Distilling Co.

WEBSTER CITY WELCOMES TASTING ROOM TO THEIR DOWNTOWN DESTINATIONS

On the family farm near Duncombe, we grew up playing around a natural sandstone formation, "Wildcat Cave," deep in the timber. Known as a den for bobcats & mountain lions, the cave also serves as a source for amazing local lore. Hearing stories of the speakeasy that once stood on top and how Bonnie & Clyde once hid there captured our imaginations. Whether or not the stories are true, one thing has always been clear, wildcats, whiskey & our land are tied. Thus came the idea for Wildcat Distilling, Co., where we fulfill our mission to honor the past while creating a New Iowa Legend with our Till, Mill, and Distill philosophy. We grow as many of our ingredients as we can right on our farm, mill it onsite, and distill it there as well. Even our cattle benefit from the spent mash, or "Spicy Corn" as we lovingly call it.

We believe that being genuine in what we do is what defines a great whiskey experience, and we think our customers appreciate that, too. Try a drink to taste the purity of our process, grown

from these local farm fields. From our farm, to your glass.

If you'd like to learn more about our whiskeys and distilling techniques used to create the different flavors that make them unique, get your tickets to our Guided Whiskey Tastings.

Welcome to Wildcat Distilling, Co. A new Iowa Legend. Born on an old Iowa Farm, and built from a long Family Legacy.

"I can't include every branch of service on every rock, but I hope that every race and gender are represented somewhere on a rock in the state."

The rock in Stratford, which the artist, Ray "Bubba" Sorensen, estimates to weigh 25 to 30 tons, rests on a custom-made stand on a corner lot of Shakespeare Avenue.

Making the Best HAMILTON COUNTY FAIR in the Midwest

Whatever your interests, Hamilton County Fair, taking place from July 25th to the 30th, is the place to be.

Iowa County Fairs host a wide variety of events and entertainment to choose from, like carnival rides, animals, fair foods, and concerts of all kind, but Hamilton County isn't your typical county fair. Not every county fair has had nuptials become the main event of their fair schedule.

The main event of the 1895 Hamilton County Fair, was the Reverend Robins officiating the marriage of Eleanor Crane and George Dingman in front of thousands of fair goers. While you won't find nuptials being performed during the Hamilton County Fair today, you will find many worthwhile, and family friendly events to partake in.

The wedding bells won't be ringing, but there will be events at the large animal show rings where 4-H and FFA students showcase the hard work they've put into their animals. If animals aren't your speed, then head over to the Hamilton County Speedway to watch stock car competitions. The Fair Queen competition is also a popular event where local entrants are judged on their personality, attitude, leadership, citizenship, contribution to community, overall appearance, charm, and poise.

Whatever your interests, Hamilton County Fair, taking place from July 25th to the 30th, is the place to be.

Let's go Racing HAMILTON COUNTY SPEEDWAY

If you've got a need for speed, the Karl Chevrolet Buick GMC Hamilton County Speedway, the oldest speedway in the state of Iowa, is the next stop on your Webster City visit. This 1/2 mile, semi-banked oval dirt track is open April to October and is a nod to the strong history of racing that has been embedded in the community since before the invention of auto racing.

Racing in Hamilton County and, more specifically, Webster City, has been going strong for well over 100 years, with reports of horse racing in Webster City going back to the beginning of 1883. The interest turned to auto racing around 1910 with the

first reported track race in Webster City taking place on July 5, 1910. The track as we know it today was completed in the spring of 1939 with the first races on that track beginning in September of that same year.

Whether racing horses in 1883 or auto racing today, the Hamilton County Speedway hosts a wide range of events for the whole family. Some of these events include the Kids Bike Give Away, Cornhole Tournaments, BBQ Cook Offs, Dirt Truck races and more. The need for speed is real in Hamilton County.

WCCT seasons feature comedies, dramas, musicals, youth shows and holiday plays. Included in the 2023-2024 season are "Diary of Anne Frank," "Clue on Stage," and "Beauty and the Beast Jr." Check our website and like us on Facebook for updates.

Most months find the group meeting for Readers Theatre to peruse a variety of scripts. WCCT is a proud member of the Chamber, IACT, and AACT.

Also we offer gift certificates, costume rentals and we have a scholarship program.
