## BACKCOUNTRY WINERY

The Stratford countryside is the perfect setting for Backcountry Winery. A beautiful 100-year-old building hosts a shabby-chic winery and event center. Backcountry Winery produces small batch, high-quality wines. With twelve wines on the menu, there's a little something for everyone, including Estate Wines. For couples looking to host their celebration in an intimate yet elegant venue, this winery is a popular choice.

Currently Nation's Nectars, a coffee shop, and Gem Junction, selling crystals fill two of the buildings.
